## HEAVY DUTY CONCENTRATE FAST ACTING – LOW SUDSING – BIODEGRADABLE

WEXFORD 401 HEAVY DUTY CONCENTRATE is a powerful cleaner concentrate, designed for the toughest jobs.

### DIRECTIONS FOR USE

#### INDUSTRIAL AUTO SCRUBBERS:

Use WEXFORD 401 Heavy Duty Concentrate at a dilution of 1:20 with water to remove the toughest oil, grease and grime from concrete, wood block or other industrial or commercial floors

#### STEAM CLEANERS and POWER WASHERS:

Use WEXFORD 401 Heavy Duty Concentrate at a dilution of 1:50 with water for most industrial cleaning jobs. Concentration can be increased for extremely heavy soils, or reduced for lightly soiled areas.

#### FLOOR MOPPING and MANUAL CLEANING:

Use WEXFORD 401 Heavy Duty Concentrate at a dilution of 1:128 (one ounce of WEXFORD 401 to each gallon of water) for cleaning vinyl, vinyl-asbestos, asphalt, linoleum and other resilient floors. Use WEXFORD 401 HEAVY DUTY CONCENTRATE at the same concentration for cleaning lightly soiled surfaces and equipment. When used in food processing areas, rinse all surfaces with potable water after cleaning before resuming food processing.
