

# TECHNICAL DATA

## ALOE VERA LOTION SOAP

Wexford's ALOE VERA LOTION SOAP is a mild creamy skin cleansing soap containing aloe vera gel that will render the skin soft and reconditioned due to the presence of emollients, moisturizers, and aloe vera gel.

The cleansing soap in Aloe Vera Lotion Soap is formulated totally from natural vegetable oils to maximize the mildness.

Aloe vera gel is very well known as a skin conditioner and as a treatment for dry or burned skin. Aloe Vera Lotion Soap is ideal for use in health care facilities, food handling areas, schools, and offices, institutional, industrial and commercial establishments.

# ALOE VERA LOTION SOAP

Wexford's ALOE VERA LOTION SOAP is an extremely mild skin soap containing aloe vera gel. It has been specifically formulated for those persons whose skin must be cleansed frequently and effectively.

## **GENTLE:**

ALOE VERA LOTION SOAP achieves its excellent mildness due to its unique blend of natural soaps, emollients, and moisturizers. It also conditions the skin due to the presence of aloe vera gel.

## **EXCELLENT CLEANER:**

Because of its high active content ALOE VERA LOTION SOAP lathers quickly and removes even the most tenacious soils leaving the skin soft and reconditioned due to the presence of the emollients, moisturizers and aloe vera gel.

## **EASILY DISPENSED:**

ALOE VERA LOTION SOAP can be dispensed through wall mounted dispensers, 800 ml dispensers (27 oz. sealed cartons), standing dispensers, or convenient squeeze bottles.

## **LOW USE COST:**

Because of its high activity and lotion consistency, it takes only a small amount of ALOE VERA LOTION SOAP to obtain an excellent wash.

Wexford's ALOE VERA LOTION SOAP is especially suited for use in hospitals, nursing homes, health care facilities, schools, offices and many other institutional, industrial and commercial establishments.
