

TECHNICAL DATA

EMULSIFIER 404

HEAVY DUTY CLEANER DEGREASER

Packaged in 55 gallon non-returnable drums,
cases of 4 / 1 gallons,

APPEARANCE:..... CLEAR TRANSPARENT LIQUID

FREE ALKALI: NONE

MOISTURE CONTENT: 81% Maximum

BOILING POINT: 100°C (212° F)

FREEZING POINT: - 20° C

SPECIFIC GRAVITY @ 25°C: 1.076

FLASH POINT: ABOVE BOILING

pH of CONCENTRATE: 12.90

PHOSPHATE CONTENT: NONE

EMULSIFIER 404

CLEANER DEGREASER

EMULSIFIER 404 IS A POWERFUL CLEANER-DEGREASER,
designed for the toughest jobs.

DIRECTIONS FOR USE

INDUSTRIAL AUTO-SCRUBBERS

Use EMULSIFIER 404 Cleaner Degreaser at a dilution of 1:10 with water to remove the toughest oil, grease and grime from concrete, wood block or other industrial or commercial floors.

STEAM CLEANERS AND POWER WASHERS

Use EMULSIFIER 404 Cleaner Degreaser at a dilution of 1:50 with water for most industrial cleaning jobs. Concentration can be increase for heavy soils, or reduced for lightly soiled areas.

FLOOR MOPPING and MANUAL CLEANING

Use EMULSIFIER 404 CLEANER DEGREASER at a dilution of 1:128 (one ounce EMULSIFIER 404 to each gallon of water) for cleaning vinyl, vinyl asbestos, asphalt linoleum, and other resilient floors.

Use EMULSIFIER 404 Cleaner Degreaser at the same concentration for cleaning lightly soiled surfaces and equipment.

When used in food processing areas, rinse all surfaces with potable water, after cleaning, before resuming food processing.

ECONOMICAL and EFFECTIVE
