

TECHNICAL DATA

WEXFORD 300

NEUTRAL CLEANER CONCENTRATE

APPEARANCE:TRANSPARENT GREEN LIQUID

ODOR:MILD LEMON

NON-VOLATILE MATERIAL:.....22.5%

DETERGENT TYPE: Synthetic - Biodegradable

BOILING POINT 100° C (212° F)

FREEZING POINT-10° C

SPECIFIC GRAVITY:..... 1.031 MINIMUM @ 25 ° C

FLASH POINT: ABOVE BOILING

pH of 1% DILUTION IN TAP WATER:8.5

PHOSPHATE CONTENT:NONE

FREE ALKALI:NONE

FREE FATTY ACID:NONE

WEXFORD 300 NEUTRAL CLEANER CONCENTRATE

**Packaged in 4/1 gallon cases
and 55 gallon non-returnable drums**

WEXFORD 300 NEUTRAL CLEANER CONCENTRATE is an all purpose, biodegradable, highly concentrated, liquid cleaner designed for all types of floor, wall and equipment cleaning.

DIRECTIONS FOR USE

AUTOMATIC FLOOR SCRUBBERS

Use WEXFORD 300 neutral cleaner concentrate at a dilution of 1:256 (1/2 ounce of WEXFORD 300 per gallon of water) for cleaning vinyl, vinyl asbestos, asphalt, rubber, and other resilient floors. WEXFORD 300 neutral cleaner concentrate works excellently at the same dilution on terrazzo, ceramic tile, concrete, and other hard surfaces.

PRESSURE WASHERS and SPRAY CLEANERS

Use WEXFORD 300 neutral cleaner concentrate at a dilution of 1:256 (1/2 ounce of WEXFORD 300 per gallon of water) in both low and high pressure washers. The low viscosity of WEXFORD 300 makes it particularly well suited for siphon type, manual and automatic spray washing equipment.

FLOOR MOPPING and MANUAL CLEANING

Use WEXFORD 300 neutral cleaner concentrate at a dilution of 1:256 (1/2 ounce WEXFORD 300 per gallon of water) for all wet mopping, damp mopping and manual cleaning. Because WEXFORD 300 is a neutral cleaner it is free of harmful alkalies, acids, and abrasives, and can be used on all types of surfaces. It is also very mild to the skin.

**AN EXCELLENT NEUTRAL CLEANER
MILD TO THE SKIN**
