

TECHNICAL DATA

WEXFORD-3001

NEUTRAL CLEANER/ODOR COUNTERACTANT

**Packaged in 55 gallon non-returnable drums,
cases of 4 / 1 gallons,
and cases of 4 / 1/2 gallons in the
Wex-Pro dispensing system (WexPro #3)**

APPEARANCE:TRANSPARENT GREEN LIQUID

ODOR: MILD ALMOND

NON-VOLATILE MATERIAL:22.5%

DETERGENT TYPE:SYNTHETIC-BIODEGRADABLE

MOISTURE CONTENT:77.5%

BOILING POINT: 100°C (212° F)

FREEZING POINT: 10° C

SPECIFIC GRAVITY: 1.031 MINIMUM @ 25 ° C

FLASH POINT: ABOVE BOILING

pH of 1 % DILUTION IN TAP WATER:8.5 %

PHOSPHATE CONTENT:NONE

FREE ALKALI:NONE

FREE FATTY ACID:NONE

WEXFORD-3001

NEUTRAL CLEANER and ODOR COUNTERACTANT ALL PURPOSE – CONTROLLED SUDSING – BIODEGRADABLE

WEXFORD-3001 is a highly concentrated odor counteractant designed for elimination of all types of malodors from floors, walls and equipment.

DIRECTIONS FOR USE

PRESSURE WASHERS and SPRAY CLEANERS:

Use WEXFORD-3001, Odor Counteractant/Neutral Cleaner Concentrate, at a dilution of 1:256 in both low and high pressure sprayers.

The low viscosity of WEXFORD-3001 makes it particularly well suited for siphon type, manual and automatic spray deodorization.

FLOOR MOPPING and MANUAL CLEANING:

Use WEXFORD-3001, Odor Counteractant/Neutral Cleaner Concentrate, at a dilution of 1:256 for all wet mopping, damp mopping, manual cleaning and deodorization.

Because WEXFORD-3001 is a neutral cleaner, it is free of harmful alkalies, acids and abrasives and can be used on all surfaces. It has an excellent detergent content so that the odor counteractant can penetrate deeply into the material to which it is applied in order to give a long lasting effect. It is also very mild to the skin.

MILD • EFFECTIVE • ECONOMICAL
